

School RaiseRight (formerly Scrip) Scholarship Program

Shopping with RaiseRight gift cards can save you money on your STMMS tuition and benefit the school!

How does it work?

The PTO purchases gift cards from RaiseRight at a discount. Our program is run through RaiseRight.com or the RaiseRight app, who has worked with over 30,000 nonprofit organizations over the course of 25 years.

All RaiseRight retailers offer a rebate. When you purchase them from the PTO at face value, you earn half of the rebate, and it is applied directly to your Simple Tuition Solutions tuition account as a tuition scholarship. The other half benefits the school. In the past, we have had parents receive nearly \$750 in scholarship money for the year.

What store RaiseRight cards are available?

We have store cards from area retailers which you probably use each week, including Giant, Weis, and Karns, not to mention online retailers, restaurants, department stores, and gas stations.

How do I buy RaiseRight cards?

You have to sign up with the RaiseRight program to create an account, and then use the website or app to complete a weekly order by midnight on Monday. For orders being paid by check, submit your check to school on Tuesday, addressed to RaiseRight. You can choose for your cards to come home with your student on Friday, be mailed to your home by RaiseRight, or pick them up after each Mass from the RaiseRight table. If your order is placed mid-week, it will be processed the following week.

What forms of payment are accepted?

If you are paying with check, it MUST be made out to STMM RaiseRight, sent into the school by Tuesday, and addressed to RaiseRight on the envelope. Orders will only be processed with payment. PrestoPay is a great way to avoid dealing with checks! RaiseRight does now accept credit cards, however, the fee could wipe out the benefit you are getting, so make sure to take that into consideration.

Can I buy electronic RaiseRight cards?

Yes! Many retailers offer e-gift cards. You can also download the Raise Right app to purchase and use e-gift cards immediately when payment is made via PrestoPay.

Can anyone buy RaiseRight cards without an account?

Yes! Anyone can purchase RaiseRight cards without an account after all of the Masses at St. Margaret Mary Church. They can choose who receives the rebate and just need to provide the name of a registered RaiseRight family.

How can I sign up?

Reach out to a RaiseRight Coordinator for assistance with setting up your account.
