

Track & Field coaches needed!

The award-winning St. Margaret Mary Track & Field team is seeking new coaches. We are looking to fill at least four open positions on our coaching staff this year. It is critical to our continued success and for the development of our student athletes that we maintain an optimal level of coaches.

If you have prior track, field or cross-country experience either as an athlete or coach, we want you. If you do not have experience, we will train you and assign you to duties based on your comfort level.

Please review the 2018 Track & Field parent's guide for additional information about our program. You may contact Mike Hughes (717-234-7037 or 717-315-2098) with additional questions. The School website contains information on the volunteer clearance process which is mandatory. We practice three evenings a week; however, partial commitments will be accepted.
