

MRS. HAMILTON'S REALITY POST

Theme for 2018/2019: L E G O S

“LEADERS, ENGAGING, GROWING, OBSERVING, SERVING”

April 18, 2019

Good evening Parents and Students,

I wish all of you a very Blessed, Happy and Safe Easter! Thank you for your support of Catholic Education and sending your children to STMMS! You are appreciated!

In Math over the next few weeks of school, the students will be learning more Geometry such as Points,

Lines, and Line Segments, Rays and Angles, Parallel and Perpendicular Lines, Circles, Polygons and then

Perimeter Formulas, Area Formulas, and Solid Figures. After that more division involving Division Patterns, Divisors, Multiples of Ten, Estimating Quotients, Two and Three and Four-Digit Dividends, Greater Quotients with and without remainders, and some decimals.

HOMEWORK

REL: Unit 4 – Chapter 14 – Study Highlighted facts Highlighted facts

SCL: Study Science Guide

God bless,

Mrs. Hamilton

4th Grade and 4th Science
