

MRS. HAMILTON'S REALITY POST

Theme for 2018/2019: **LEGOS**

**“LEADERS, ENGAGING, GROWING, OBSERVING, SERVING”**

*Feb. 19, 2019*

Good evening Parents and Students,

**HOMEWORK**

**SS:** Study Ch. 3 for Thurs.!!

**Math:** WB p. 64 and 66 odds; Math test this Thursday (weather depending) on measuring, division (zeros in the quotient), and dividing money.

**Sci:** Study Guide both packets on Motion/Forces; possible test Thursday depends on weather

**MATH #2:** IXL and FIM (First in Math) work on nightly or 3 times a week. It is required especially for math. It will be an added grade toward the grade report.

There is a math website that I stumbled on called Numberock.com. The children are learning how to divide a one digit into 3 and 4 digits with or without remainders, also how to check to see if their quotient is correct. I will try to download the video and division song that the students just learned today to help them with division. They loved it! Hope it works!
