

Mrs. Kuntz 4~2

February 6, 2019

The chilly weather has returned, but the students didn't seem to mind. I think they really enjoyed their Student Appreciation Day!

Here is a look at what we're up to in 4 ~ 2:

RELIGION

We've been discussing the 10 Commandments, God's Laws of Love, and how they are a sign of God's amazing love for us, as they help us grow closer to Him. As we near the end of Unit 2, we will review the first three commandments, which help us to love God. In the weeks ahead, we will take a closer look at the next seven commandments, which help us love each other better.

LANGUAGE ARTS

Reading: We are reading about families and the importance of working together. We will explore the question, "What might lead a person to try to change the world?" In the biographical selection, **My Brother Martin**, students will see Dr. Martin Luther King, Jr. through his big sister's eyes.

Grammar: We are continuing our study of *adjectives*.

MATH

We have completed our unit on *Geometry* and have begun working on *Multiplication*.

SOCIAL STUDIES

We have been learning about the many abundant natural resources in our great state and the importance of taking care of our environment.

There were no new homework assignments given today, in honor of Student Appreciation Day. The only homework some may have to do is to answer the questions on the lesson 10 study guide for Social Studies.

Please remember to send in a can of tomato soup or two by this Friday for our "Souper Bowl" to benefit Our Lady of the Blessed Sacrament's food pantry.

Stay warm and dry, and enjoy your evening!

God bless,
Mrs. Kuntz
