

# St. Margaret Mary's School Library

## *We Walk In faith*

The mission of the school library is to support and enrich the educational objectives of the school curriculum, as well as represent the school's Catholic Christian philosophy and values.

Your student will visit the library once a week; per their schedule. Each week they will be able to check out one book, which is expected **to be returned to the library the following week. Students are assessed a small late fine if they forget their book. It is 25 cents per day.** Absent students are not assessed this fee, but are encouraged to return their book when they return from absence. A late box is located outside of the main office. Any student may request to renew their books for another week BUT they must have the book with them to do this. **If a book is lost, it must be replaced.**

The library sponsors two Scholastic Book Fairs per year. Once during the first FULL week of school (Sept. 12-Sept 16), the second in late winter/early spring. All proceeds from the book fair are put directly back into the school library and classroom libraries.

Let's promote a love of reading together!!
